(b) The Under Secretary shall designate not more than five States in which to make rural economic development review panels applicable during any established time period for the purpose of reviewing and ranking applications submitted for funding under certain rural development programs. The following time periods have been established for participation in this pilot program:

Fourth period - October 1, 1995 to September 30, 1996.

The State will be bound by the provisions of this pilot program only during the established time period(s) for which the State is designated. If a designated State does not remain an eligible State during the established time period(s) for which the State was designated, the State will not be eligible to participate in this program and cannot revert to the old ranking and applicant selection process.

(c) Assistance under each designated rural development program shall be provided to eligible designated States for qualified projects in accordance with this subpart.

(d) Federal statutes provide for extending FmHA financially supported programs without regard to race, color, religion, sex, national origin, marital status, age, familial status, or physical/mental handicap (provided the participant possesses the capacity to enter into legal contracts.)

§1940.956 State rural economic development review panel.

(a) General. In order for a State to become or remain an eligible State, the State must have a rural economic development panel that meets all requirements of this subpart. Each designated State will establish a schedule whereby the panel and FmHA will coordinate the submission, review, and ranking process of preapplications/applications. The schedule will be submitted to the Under Secretary for concurrence and should consider the following:

- (1) Timeframes should assure that applications selected for funding from the current FY's allocation of funds can be processed by FmHA and funds obligated prior to the July 15 pooling established in §1940.961 (c) of this subpart;
- (2) Initial submission of preapplications/applications from FmHA to the panel and any subsequent submissions during the first year;
- (3) How often during each FY thereafter should FmHA submit preapplications/applications to the panel for review and ranking;

The panel will give weight to area-wide or regional plans and comments submitted by intergovernmental development councils or similar organizations made up of local elected officials charged with the responsibility for rural area or regional development. A copy of the policy and evaluating criteria will be provided to FmHA.

(ii) Applications. The panel will annually review the policy and criteria used by the panel to evaluate and rank preapplications/applications in accordance with this subpart. The panel will assure that the policy and criteria are consistent with current rural development needs, and that the public has an opportunity to provide input during the development of the initial policy and criteria. The Governor will provide a copy of the initial policy and criteria established by the panel when submitting evidence of eligibility in accordance with §1940.954 of this subpart. Annually, thereafter, and not later than September 1 of each FY, the State coordinator will send the Under Secretary evidence that the panel has reviewed the established policy and criteria. The State coordinator will also send the Under Secretary a copy of all revisions.

(A) The policy and criteria used to rank applications for business related projects will include the following, which are not necessarily in rank order:

(2) The extent to which a project will contribute to the enhancement and the diversification of the local or regional area economy.

(3) The extent to which a project will generate or retain jobs for local or regional area residents.

(5) The extent to which a project is likely to become successful.

(6) The extent to which a project will assist a local or regional area overcome severe economic distress.

(7) The distribution of assistance to projects in as many areas as possible in the State with sensitivity to geographic distribution.

(8) The technical aspects of the project.

(9) The market potential and marketing arrangement for the projects.

(10) The potential of such project to promote the growth of a rural community by improving the ability of the community to increase the number of persons residing in the community and by improving the quality of life for these persons.

(B) The policy and criteria used to rank preapplications/applications for infrastructure and all other community facility-type projects will include the following which are not necessarily in rank order:

(1) The extent to which the project will have the potential to promote the growth of a rural community by improving the quality of life for local or regional residents.

(2) The extent to which the project will affect the health and safety of local or regional area residents.

(3) The extent to which the project will improve or enhance cultural activities, public service, education, or transportation.

(4) The extent to which the project will affect business productivity and efficiency.

(5) The extent to which the project will enhance commercial business activity.

(8) The extent to which the project will bring a community into compliance with Federal or State water or waste water standards.

(9) The extent to which the project will consolidate water and waste systems and utilize management efficiencies in the new system.

(2) Review and evaluate area plans. Each area plan submitted for a local or regional area will be reviewed and evaluated by the panel. After an area plan has been reviewed and evaluated in accordance with established policy and criteria:

(i) The panel will accept any area plan that meets established criteria unless the plan is incompatible with any other area plan for that area that has been accepted by the panel; or

(ii) The panel will return any area plan that is technically or economically inadequate, not feasible, is unlikely to be successful, or is not compatible with other panel-accepted area plans for that area. When an area plan is returned, the panel will include an explanation of the reasons for the return and suggest alternative proposals.

(iii) The State coordinator will notify the State Director, in writing, of the panel's decision on each area plan reviewed.

(3) Review and rank preapplications/applications. The panel will review, rank, and transmit a ranked list of preapplications/applications according to the schedule prepared in accordance with paragraph (a) of this section, and the following:

(i) Review preapplications/applications. The panel will review each preapplication/application for assistance to determine if the project to be carried out is compatible with the area plan in which the project described in the preapplication/application is proposed, and either:

(A) Accept any preapplication/application determined to be compatible with such area plan; or

(B) Return to the State Director any preapplication/application determined not to be compatible with such area plan. The panel will notify the applicant when preapplications/applications are returned to the State Director.

(ii) Rank preapplications/applications. The panel will rank only those preapplications/applications that have been accepted in accordance with paragraph (b)(3)(i)(A) of this section. The panel will consider the sources of assistance and related activities in the State identified by the designated agency. Applications will be ranked in accordance with the written policy and criteria established in accordance with paragraph (b)(1)(ii) of this section and the following:

(A) Priority ranking for projects addressing health emergencies. In addition to the criteria established in paragraphs (b)(1)(ii) of this section, preapplications/applications for projects designed to address a health emergency declared so by the appropriate Federal or State agency, will be given priority by the panel.

(B) Priority based on need. If two or more preapplications/applications ranked in accordance with this subpart are determined to have comparable strengths in their feasibility and potential for growth, the panel will give priority to the applications for projects with the greatest need.

(C) If additional ranking criteria for use by a panel are required in any designated rural development program regulation, the panel will give consideration to the criteria when ranking preapplications/applications submitted under that program.

(iii) Transmit list of ranked preapplications/applications. After the preapplications/applications have been ranked, the panel will submit a list of all preapplications/applications received to the State coordinator. The list will clearly indicate each preapplication/application accepted for funding and will list preapplications/applications in the order established for funding according to priority ranking by the panel. The list will not include a preapplication/application that is to be returned to the applicant in accordance with paragraph (b)(3)(i)(B) of this section. The State coordinator will send a copy of the list to the State Director for further processing of the preapplication/application in accordance with §1940.965 of this subpart. Once the panel has ranked and submitted the list to FmHA and the State Director has selected a preapplication/application for funding, the preapplication/application selected will not be replaced with a preapplication/application received at a later date that may have a higher ranking.

(4) Public availability of list. If requested, the State coordinator will make the list of ranked preapplications/applications available to the public and will include a brief explanation and justification of why the project preapplications/applications received their priority ranking.

(c) Membership.

(1) Voting members. The panel will be composed of not more than 16 voting members who are representatives of rural areas. The 16 voting members will include the following:

(2) Each FY, and normally within 30 days after the date FmHA receives an appropriation of designated rural development program funds, the Governor of each designated State will be notified of the amounts allocated to the State under each designated program for such FY. The Governor will also be notified of the total amounts appropriated for the FY for each designated rural development program.

(3) The State Director will fund projects from a designated State's allocation of funds, according to appropriate program regulations giving great weight to the order in which the preapplications/applications for projects are ranked and listed by the panel in accordance with §1940.956 (b)(3) of this subpart.

(b) Reserve. A percentage of the National Office reserve established in Subpart L of Part 1940 of this chapter will be used to establish a reserve for designated States that is separate and apart from that of nondesignated States. (d) Request for funds.

(1) Designated States may request designated States' reserve funds, and funds for other designated rural development programs controlled by the National Office, as shown in Subpart L of Part 1940, Exhibit A, Attachment 4, of this chapter, in accordance with applicable program regulations.

(2) Designated States may request funds from the nondesignated reserve account when:

(a) Transfer of funds. If the amounts allocated to a designated State for direct Water and Waste Disposal or Community Facility loans for a FY are not sufficient to provide the full amount requested for a project in accordance with this subpart, the State Director may transfer part or all of the funds allocated to the State, from one program to another, subject to paragraphs (b) and (c) of this section.

(b) Limitation on amounts transferred.

(1) Amounts transferred within a designated State. The amount of direct loan funds transferred from a program under this section shall not exceed the amount left unobligated after obligating the full amount of assistance requested for each project that ranked higher in priority on the panel's list.

(2) Amounts transferred on a National basis. The amount of direct loan funds transferred in a FY, among the designated States, from a program under this subpart (after accounting for any offsetting transfers into such program) shall not exceed \$9 million, or an amount otherwise authorized by law.

(c) National Office concurrence. The State Director may transfer direct loan funds authorized in this section, after requesting and receiving concurrence from the National Office. If permitted by law, the National Office will concur in requests on a first-come-first-served basis.

§1940.963 Authority to transfer guaranteed loan amounts.

(a) Transfer of funds. If the amounts allocated to a designated State for guaranteed Water and Waste Disposal, Community Facility, or Business and Industry loans for a FY are not sufficient to provide the full amount requested for a project in accordance with this subpart, the State Director may transfer part or all of the funds allocated to the State, from one program to another, subject to paragraphs (b) and (c) of this section.

(b) Limitation on amounts transferred. The amount of guaranteed loan funds transferred from a program under this section shall not exceed the amount left unobligated after obligating the full amount of assistance requested for each project that ranked higher in priority on the panel's list.

(c) National Office concurrence. The State Director may transfer guaranteed loan funds authorized in this section, after requesting and receiving concurrence from the National Office. If permitted by law, the National Office will concur in requests on a first-come-first-served basis.

§1940.964 [Reserved]

§1940.965 Processing project preapplications/applications.

Except for the project review and ranking process established in this subpart, all requests for funds from designated rural development programs will be processed, closed, and serviced according to applicable FmHA regulations, available in any FmHA office.

(a) Preapplications/applications. All preapplications/applications on hand that have not been selected for further processing will be submitted initially to the panel for review and ranking. Preapplications/applications on hand that had been selected for further processing prior to the time a State was selected to participate in this program may be funded by FmHA without review by the panel. Preapplications/applications selected for further processing by FmHA will not exceed the State's previous year's funding level. The State Director will provide the State coordinator a list of preapplications/applications that are in process and will be considered for funding without review by the panel. This list will be provided at the same time preapplications/applications are initially submitted to the State coordinator in accordance with paragraph (d) of this section.

(b) FmHA review. Preapplications/applications will be reviewed in sufficient detail to determine eligibility and, if applicable, determine if the applicant is able to obtain credit from other sources at reasonable rates and terms. Normally, within 45 days after receiving a complete preapplication/application, FmHA will notify the applicant of the eligibility determination. A copy of all notifications will be sent to the State coordinator.

(c) Applicant notification. The notification to eligible applicants will contain the following statements:

"Your application has been submitted to the State coordinator for review and ranking by the State rural economic development review panel. If you have questions regarding this review process, you should contact the State coordinator. The address and telephone number are: (insert).

"You will be notified at a later date of the decision reached by the panel and whether or not you can proceed with the proposed project.

"You are advised against incurring obligations which cannot be fulfilled without FmHA funds."

These statements should be included in notifications to applicants with preapplications/applications on hand that had not been selected for further processing prior to the time a State was selected to participate in this program.

(d) Information to State coordinator. FmHA will forward a copy of the preapplication/application and other information received from the applicant to the State coordinator according to a schedule prepared in accordance with §1940.956 (a) of this subpart. The State coordinator will be advised that no further action will be taken on preapplications/applications until they have been reviewed and ranked by the panel, and a priority funding list has been received from the State. Applications forwarded to the State coordinator will be reviewed and ranked for funding in accordance with §1940.956 of this subpart.

(e) The FmHA review of priority funding list. FmHA will review the list of ranked applications received from the State coordinator and determine if projects meet the requirements of the designated rural development program under which the applicant seeks assistance. Any project that does not meet program regulations will be removed from the list. Applicants will be notified of the decision reached by the panel and whether or not the applicant should proceed with the project. FmHA will provide a copy of all notifications to the State coordinator. The decisions of the panel are not appealable.

(f) Obligation of funds. FmHA will provide funds for projects whose application remains on the list, subject to available funds. Consideration will be given to the order in which the applications were ranked and prioritized by the panel. If FmHA proposes to provide assistance to any project without providing assistance to all projects ranked higher in priority by the panel than the project to be funded, 10 days prior to requesting an obligation of funds, the State Director will submit a report stating reasons for funding such lower ranked project to the following:

§1940.965 (f) (Con.)

REQUIREMENTS FOR ADMINISTRATION OF RURAL ECONOMIC  
DEVELOPMENT REVIEW PANEL GRANTS (PANEL GRANTS)

Attachment to Form RD 1940-1  
"Request for Obligation of Funds"

Introduction.

This exhibit is a supplement to the information contained in RD Instruction 1940-T and contains information regarding responsibilities of the Grantee for receipt of monies under the Panel Grant program. This exhibit shall become a permanent part of Form RD 1940-1, "Request for Obligation of Funds." The requirements set forth in this exhibit do not supercede the requirements for receipt of Federal grant funds as stated in Title 7, Parts 3016 and 3017 of the Code of Federal Regulations (CFR); however, specific areas related to the Panel Grant program are set forth below.

Panel Grants are awarded to defray administrative costs associated with a State rural economic development review panel established in accordance with RD Instruction 1940-T, §1940.956. In consideration of said grant:

I. Grantor and Grantee agree:

A. This agreement shall be effective when Form RD 1940-1 has been executed by both parties.

B. Information collected through this agreement is required to obtain a Panel Grant and will be used to determine that grant funds are used for authorized program purposes.

C. Grant funds will not be used to replace any financial support previously provided for or assured from any other source. The general level of expenditures by the Grantee for the benefit of the program covered by this agreement shall be maintained and not reduced as a result of the Federal share of funds received under this grant.

D. Grant funds will be disbursed on a reimbursement basis not to exceed one advance every 30 days.

1. Standard Form (SF) 270, "Request for Advance or Reimbursement," will be used to request reimbursement of costs incurred by the Grantee.

2. Where the Grantee claims credit for contributions-in-kind to the total cost of allowable expenses, the evaluation of these contributions shall be subject to reevaluation by the Grantor at any time, and any deficiency determined by the Grantor shall be compensated by supplemental contributions by the Grantee as a condition for further distribution by the Grantor. Specific procedures in 7 CFR Part 3016 establishing the value of in-kind contributions will govern the evaluation.

E. Funds budgeted for the period covered by this exhibit are:

Federal Contribution	\$ _____
Grantee Contribution	_____
Cash	_____
In-kind	_____
Total	\$ _____

F. Grantees are permitted to rebudget within the approved direct cost categories to meet unanticipated requirements which do not exceed 10 percent of the current total approved budget. Grantees shall obtain prior approval of the Grantor for any revisions which result in the need for additional funding.

G. Title to supplies acquired under this grant will vest, upon acquisition in the Grantee. If there is a residual inventory of unused supplies exceeding \$5,000 in total aggregate fair market value upon termination or completion of the award, and if the supplies are not needed for other federally sponsored programs, the Grantee shall compensate the Grantor for its share.

H. Use of grant funds for travel determined necessary to the program may be subject to the travel policies of the Grantee provided policies are uniformly applied regardless of the source of funds in determining the amounts and types of reimbursable travel expenses associated with panel operations. If the Grantee does not have such specific policies uniformly applied, the Federal Travel Regulations shall apply in determining the amount charged to the grant. The limitations established in RD Instruction 1940-T, §1940.968 (g) also apply.

I. To the following termination provisions:

1. Termination or temporary suspension of payment for cause. The Grantor may terminate any grant in whole, or in part, or temporarily withhold payment, at any time before the date of completion, whenever it is determined that the Grantee has failed to comply with the conditions of the grant. The Grantor shall promptly notify the Grantee in writing of the effects of suspension and/or reasons for the termination together with the effective date.

2. Termination for convenience. The Grantor or Grantee may terminate grants in whole, or in part, when both parties agree that the continuation of the program would not produce beneficial results commensurate with the further expenditure of funds. The two parties shall agree upon the termination

conditions, including the effective date, and in the case of partial terminations, the portion to be terminated. The Grantee shall not incur new obligations for the terminated portion after the effective date, and shall cancel as many outstanding obligations as possible. The Grantor shall allow full credit to the Grantee for the Federal share of the noncancelable obligations, properly incurred by the Grantee prior to termination.

II. Grantee agrees to:

A. Manage the day-to-day operation of grant supported activities to assure compliance with applicable Federal requirements and that performance goals are achieved.

B. Complete program within the total sums available to it, including said grant funds, in accordance with the approved Scope-of-Work and any necessary modifications thereof prepared by Grantee and approved by Grantor and in accordance with applicable Federal regulations.

C. Assure that the purposes and Scope-of-Work for which this grant is made shall not duplicate programs for which monies have been received, or committed, or are applied to from other sources, public or private.

D. Provide a financial management system which will account for grant funds in accordance with State laws and procedures for expending and accounting for its own funds. Fiscal control and accounting procedures of the State must be sufficient to permit preparation of reports required by Federal regulations and permit the tracing of funds to a level of expenditures adequate to establish that grant funds are used solely for authorized purposes.

E. Provide Grantor quarterly and annual financial and performance reports in accordance with requirements set forth in RD Instruction 1940-T, §1940.968.

F. Provide a single audit prepared in accordance with OMB Circular A-128. The audit will be in sufficient detail to allow the Grantor to determine that funds have been used in accordance with the Scope-of-Work, any applicable laws and regulations, and this exhibit.

G. Provide Grantor with such other reports as it may require and permit inspection of its operations by a designated representative of the Grantor.

H. Retain financial and programmatic records, supporting documents, statistical records for each funding period for 3 years after the Grantee submits its last expenditure report, except that records will be retained beyond the 3-year period if audit findings have not been resolved.

I. Execute Form RD 400-1, "Assurance Agreement," and any other agreements required by Grantor to implement the civil rights requirements.

J. Permit Grantor or the Comptroller General of the United States, or any of their authorized representatives, the right of access to any pertinent books, documents, papers, or other records of Grantee which are pertinent to the grant in order to make audits, examinations, excerpts, and transcripts. The rights of access shall last as long as the records are retained.

K. Assure that no member of Congress shall be admitted to any share or part of this grant or any benefit that may rise therefrom.

L. Make all nonconfidential information resulting from its activities available to the general public on an equal basis.

M. Comply with property management standards established by 7 CFR Part 3016, Uniform Administrative Requirements, relating to supplies or other expendable personal property.

N. Relinquish any and all copyrights and/or privileges to the materials developed under this grant, such material being the sole property of the Federal Government. In the event anything developed under this grant is published in whole or, in part, the material shall contain notice and be identified by language to the following effect: "The material is the result of tax-supported research and as such is not copyrightable. It may be freely reprinted with the customary crediting of the source."

O. Abide by the policies promulgated in 7 CFR Part 3016, which provides standards for use by Grantee in establishing procedures for the procurement of supplies and other services with Federal grant funds.

P. Upon default under its representations or agreements set forth in this exhibit, Grantee, at the option and demand of Grantor, will, to the extent legally permissible, repay to Grantor forthwith the original principal amount of the grant stated hereinabove, with interest equal to the rate of interest paid on U. S. 26-week Treasury Bills adjusted quarterly from the date of the default. The provisions of this exhibit may be enforced by Grantor at its option and without regard to prior waivers by it of previous defaults of Grantee, by judicial proceedings to require specific performance of the terms of this exhibit or by such other proceedings in law or equity, in either Federal or State courts as may be deemed necessary by Grantor to assure compliance with the provisions of this exhibit and the law and regulations under which this grant is made.

Q. Liquidate all obligations incurred under this grant not later than 90 days after the end of the funding period to coincide with submission of the annual Financial Status Report, unless a request to extend this deadline is approved by the Grantor.

III. This exhibit is subject to current Grantor regulations and any future regulations not inconsistent with the express terms thereof.
